**Atlas Copco is a world-leading provider of sustainable productivity solutions. The Group serves customers with innovative compressors, vacuum solutions and air treatment systems, construction and mining equipment, power tools and assembly systems. Atlas Copco's vision is to become and remain First in Mind—First in Choice® for its stakeholders. This policy is applicable to all units within the Atlas Copco Group.**

- We strive for the well-being of our employees and aim to offer a safe and healthy working environment in all our operations.
- We strive to develop close relationships with our customers in order to be able to continuously meet and exceed their expectations.
- We deliver consistently high-quality products and services that contribute to our customers' sustainable productivity. Our products and services are developed with the aim of meeting the productivity, quality, functionality, safety, and environmental needs of our customers.
- We believe in conducting business in a manner that preserves the environment for future generations by implementing a lifecycle perspective and focus on resource efficiency.
- We strive for process excellence with well defined, effective and efficient processes. We evaluate relevant products, services, processes as well as major changes from a quality, safety, health and environmental perspective while focusing on risks and opportunities.
- We seek, evaluate and select business partners impartially on the basis of objective factors including productivity, quality, delivery, price and reliability, as well as commitment and development in environmental and social performance.

- Employee representatives are consulted in the decision process, particularly for health and safety issues.
- We strive to be a good and reliable corporate citizen, observing the spirit of and as a minimum comply with laws and regulations of the countries in which we operate.
- "There is always a better way." We continually improve our processes, products and services, while paying attention to long-term profitability and sustainable development. This is a personal commitment of all employees.

## Priorities and targets

Targets and key performance Indicators are based on the Group's focused priorities for sustainable profitable growth to ensure that we stay competitive, innovative and ethically sound. Our priorities are linked to above statements, developed through stakeholder involvement and integrated into the Group's strategy and three-year planning process to ensure that the Group can capture opportunities while reducing the risk to business.

## Report and improve

Monitoring and follow-up on the key performance Indicators is done on company, divisional, business area as well as Group level, supporting an evidence-based decision making.

## Responsibility

The operational responsibility of each Divisional President, General Manager and Manager in the company includes Safety, Health, Environmental and Quality performance as well as the communication and implementation of this policy and its spirit.
